## SUMMARY

I aim to obtain a role that allows me to utilize my creative abilities to contribute meaningfully to the organization’s success. I aim to provide innovative solutions that support organizational objectives while pursuing continuous professional development.

## WORK EXPERIENCE

DepEd – Division of Ozamiz City

IBJT Compound, Carangan, Ozamiz City

February 2024 – May 2024

UI/UX Designer Intern | IT Support Intern

- Collaborated with a team to create prototypes for user-friendly interfaces and experiences.
- Conducted user research, including interviews and usability testing.
- Worked with supervisors to ensure designs met project specifications and schedules.
- Contributed to front-end development tasks to help implement design aspects.
- Installing, updating, and troubleshooting software applications.
- Maintaining and securing an administrative website from unauthorized access.
- Keeping track of IT assets such as laptops, projectors, and multimedia tools, ensuring they are well maintained.
- Effectively answering teachers' questions online by providing clear, concise solutions, and support.

RipeConcepts

Ayala Center Cebu, Cebu Business Park, Cebu City

October 2024 – December 2024

Design Associate | Quality Control

- Creating mock-up designs for clients.
- Collaborated with cross-functional teams to align design work and project goals.
- Utilized tools like Adobe Creative Suite (Photoshop, Illustrator) to produce high-quality designs.
- Verify that designs meet project requirements, including size, resolution, format, and layout specifications.
- Check for consistency in typography, colors, spacing, and alignment across design components.
- Provide constructive feedback on designs to enhance quality and effectiveness.

## TECHNICAL SKILLS

- Wireframing & Prototyping:** Expertise in creating wireframes and interactive prototypes.
- Visual Design:** Strong layout, typography, and color theory knowledge.
- Interaction Design:** Designing intuitive, smooth workflows and transitions.
- Tools:** Figma, Photoshop, Illustrator, Git, and Github.
- Languages:** HTML, CSS, Javascript, Bootstrap, Tailwind, PHP, and MySQL.

## PROJECTS

Common Canine Disease and Home Remedies Expert System with Information Monitoring

- This application incorporates vast information on common canine diseases, delving into their signs and symptoms.

Computer Laboratory Management System

- This system offers a comprehensive solution designed to manage computer equipment.

## EDUCATION

Misamis University

H.T. Feliciano St., Ozamiz City

August 2020 – July 2024

Bachelor of Science in Information Technology
